THE CAMPS

The spirit of #LaGranAventura has always been inspired by the beautiful landscapes of Morocco. In our routes we not only look for diverse terrains, but we also ensure that the surroundings contribute to immersing the teams in this spirit of adventure and discovery that we all enjoy so much.

The camps where we stay during the Santana Trophy add to this experience: a traveling bivouac with traditional Moroccan aesthetics set up for each stage. In them we will find:

- Camping area (where teams pitch their tents)
- WC and shower area
- Dining area (Haimas)
- Mechanics area

IMPORTANT: Camping equipment is essential for all team members (traditional tent, rooftop tent, camper vehicle, etc.)

In 2026, **ALL nights** except the marathon stage are spent in camp (a total of 5 nights).

The Marathon Stage **consists of a 2-day stage** and one night in which teams must organize their meals and overnight stay in complete autonomy without any support from the organization.

On the last night, teams will stay in a **SPECIAL CAMP WITH TRADITIONAL HAIMAS** (double/triple accommodation) on Mehdiya Beach, where the awards ceremony will be held.
